

Technical Security Assessment

Test Org · Test Project · 2026-08-28

1. Assessment Overview

Security score: **N/A** (Grade N/A)

Scan: quick — pending (pending)

2. Scope

1 asset(s) in scope for scan a5062b5d....

3. Assets Assessed

Asset	Type	Score	Open Findings
Example Site	website	—	1

4. Methodology

Automated security scanning with normalized findings from platform scanners. Risk scores computed by the platform risk engine.

5–8. Findings Summary

Severity	Count
Critical	0
High	0
Medium	1
Low	0

11. Detailed Findings

Open port [medium]

Asset: Example Site · Plugin: n/a · Risk: 20.0

12. Scanner Results

Plugin	Findings
other	1

13. Remediation Plan

14. AI Analysis

A security score is not yet available. Detailed assessment covers 1 open findings with plugin-level breakdown and remediation guidance included in this report.

15. Appendix
